

Welcome to The Sodus Point Pro/Am. Our tournament is now in its 20th year and has become the largest tournament on Lake Ontario. In the past 5 years we have been the only tournament that continues to grow in numbers.

We currently average around 80 teams, bringing in over 300 hundred participants during our 5 day event.

Sodus Point has a one of a kind fishery as it offers the opportunity to target many different species, from King Salmon, steelhead and brown trout. With its proximity to the Rochester water basin and the Salmon River, tremendous fishing is usually to be had within a few short miles of port.

Sodus Point also offers a great time off the waters too with its state parks, pro/am golf club and sandy beaches. The night life at Sodus Point is also unique as there are many establishments that have live band, playing a wide variety of music. It's no wonder why the Sodus Point Pro/AM has become a tournament that fisherman and women look forward to each and every year.

Each and every year we continue to raise the bar in tournament fishing as we now have five different events that anglers can enter to win cash and prizes. We recognize that there are many tournaments on the lake and we take pride in offering many different and unique events to allow our tournament to grow. It truly has become a staple on Lake Ontario.

Sponsors like you play a key role in helping our tournament run and offer tremendous rewards for you and to our anglers. We have created a multitude of avenues to market each company based on their sponsorship level. We greatly appreciate your time and sponsorship and look forward to working with you. Please see attached sponsorship form for what level best works for you and your company.
